

STATEMENT

to which *I*<first name and last name>, as a responsible person for <LEGAL/PERSONAL NAME, Address, OIB (company/personal identification number) / VAT number (PDV identification number)> and under full criminal and material liability, declare the following:

1. Hereby confirm our status as a *legal/self-employed person* established in the European Union;
2. We have our own domain under the top-level .hr domain and an active website on that domain, on which we undertake to advertise the provision of the service of registration of .hr and com.hr domains. That page URL is <http://...>. CARNET has the right to place an active link to our web site on its pages;
3. We confirm that we have the necessary technical knowledge and ability to work with the application solution of CARNET'S domain registration system *and/or* Electronic Application System (EPP), which we will prove through the test execution of a minimum of five different transactions in all categories of the test system
4. When concluding the contract, we will pay CARNET an initial one-off fee of EUR 530.89 and guarantee the payment of our obligations by bank guarantee/deposit in the amount of <AMOUNT>
5. On our website we have published the Ordinance on the Organization and Management of the Top-level National Internet Domain (OG 83/2023), (or a link to the Ordinance). That page URL is <http://...>. On the same pages, we undertake to place the relevant documents specified by CARNET (or links to them) related to the registration of .hr domains. We also undertake to publish the Price list of domains <http://...>. At the address, the <http://...> conditions for concluding an online contract were published, all in accordance with the Consumer Protection Act (OG 19/22, 59/23). At the address <http://...> is published the information that users of .hr domains register and use them in accordance with the Ordinance where users are obliged to confirm that they are familiar with this provision (by accepting the General Terms and Conditions or by confirming when registering the domain);
6. When collecting and processing data on end users, we undertake to act in accordance with the applicable regulations governing the manner of collecting and processing personal data.

This statement is made for the purpose of acquiring the status of a legal entity to which CARNET will contractually transfer certain domain registration activities, all in accordance with the Ordinance on the Organization and Management of the Top-level National Internet Domain.
